Imagicca Amusement Park Ahmedabad to Become Gujarat's First World-Class Theme Park

Gujarat's first theme park called Imagicca is coming to Ahmedabad. Imagicca Amusement Park Ahmedabad is India's second-largest one! It's being built near the Atal Bridge along the Sabarmati riverfront and covers an area of 5 lakh square feet. Imagicca Theme Park in Gujarat is the second location in India, after their first park in Khopoli between Mumbai and Pune. Imagicca — the upcoming new theme park in Ahmedabad is collaborating with international entertainment companies like Dave & Busters, Kidzania, and Superpark to bring modern entertainment to Ahmedabad. These partnerships will bring cutting-edge entertainment technology to the city, that help make Ahmedabad a major destination for world-class entertainment.

World's first tilted LED planetarium coming to Mysuru by 2025

In exciting news, Mysuru in Karnataka is all set to become home to the world's first tilted dome LED planetarium. The new project is under construction at the Chamundi Hills campus and hopefully will open in September 2025. The planetarium is being developed by the Indian Institute of Astrophysics (IIAP) in collaboration with the University of Mysore. The INR 91-crore initiative promises to change the planetarium experience. Unlike traditional planetariums, this one will have cutting-edge LED technology. The planetarium's 15 m diameter dome will be tilted at a 15-degree angle. The technology will offer a more comfortable viewing experience wherein visitors will be able to enjoy a direct, natural view of the stars.

40 lesser-known tourism spots to be developed, Rs 3,295 crore approved

In a big boost for the tourism sector, the Ministry of Tourism approved 40 projects worth Rs 3295.76 crore for development of lesser-known tourism sites across 23 states. In a statement released by the ministry, the government said, the initiative aims to ease pressure on high-traffic sites and promote a more balanced distribution of tourists across the country. By focusing on lesser-known destinations, the ministry hopes to enhance the overall tourism experience, boost local economies, and ensure sustainable growth in the tourism sector through a strategic approach to new project selection, it added. The state governments will be able to ensure long-term growth while safeguarding natural and cultural resources by adopting best practices, the state said. By adopting technology, states can streamline operations, optimize tourist flow, and provide sustainable, innovative solutions for growth in the sector
